

Hello Experimenters!

How is it possible that September is so close? When did that happen? I feel like I blinked and August slipped through my fingers. I'm not exactly sad about it, just a little shaken. I've seen all the spooky and/or sweater memes start to populate my socials, and I think I agree. I'm ready for apple flavored treats, warm drinks, and chunky sweaters. That said, I want to make sure that I spend this late summer moment soaking in the remaining warmth and appreciating the sun on my bare skin.

Be present,
Gabby
